EDUCATION

Stevens Institute of Technology, Hoboken NJ **May 2023**
Bachelor of Engineering in Computer Engineering **G.P.A. 4.0**
Minor in Computer Science

- **Awards:** First in Class, Dean's List, Tau Beta Pi Honor Society, Presidential Scholarship
- **Coursework:**
 - Conceptual:** Data Structures, Discrete Mathematics, Computer Architecture
 - Advanced Applications:** Algorithms, Database Management Systems, Operating Systems, Programming Languages, Image Processing, Modeling & Simulation, Information Systems Engineering
 - Statistical Methods:** Linear Algebra, Differential Equations, Probability & Statistics, Calculus

TECHNICAL SKILLS

OOP Programming: Python, C++, Java; **Web Programming:** HTML, CSS, Javascript, React, Bootstrap, Tailwind CSS
Other: C, PostgreSQL, Git/Github, Netlify, Agile/Jira, Workday

PROJECTS

Senior Design Project: BUBBL (Java/XML, Android Studio) Spring 2023

- Developed an auto-sorting task management app for Android
- Created a prioritization algorithm that factors in time, location, and user-based priorities
- Implemented the Google Maps API for task location selection and distance calculations

[Costcodel Daily Guessing Game \(HTML, CSS, JavaScript\)](#) Fall 2023

- Developed a daily trivia game challenging players to guess the prices of Costco products
- Attracted over 21,000 unique players and 66,000 views within a three-month period
- Utilized the Costco Food Database to gather data and establish engaging daily games

WORK EXPERIENCE

Intel Corporation **Allentown, PA**
SoC Design Engineer Intern Summer 2021/2022

- Worked on Intel's Xeon Networking Engineering Group which focuses on the development and integration of XEON and Networking SoCs for implementation into 5G networks
- Participated in an agile scrum framework including two week sprints and SUMs

LEADERSHIP EXPERIENCE

Stevens Institute of Technology **Hoboken, NJ**
Stevens Entertainment Committee Festivities Chair March 2020 - March 2021

- Organized on-campus events to engage students within the Stevens community including a Hoboken scavenger hunt and Earth Day social media celebration
- Planned these events through the Covid pandemic in order to provide safe experiences for the on-campus freshmen

Stevens Entertainment Committee Duck After Dark Chair March 2021 - March 2022

- Managed a budget of ~\$20000 to organize 12 on-campus events with vendors such as a roller disco and cupcake decorating with Carlo's Bakery
- Ran the first Stevens drag bingo in collaboration with the Diversity & Inclusion Committee

ACTIVITIES & INTERESTS

Pickleball, Traveling, Hiking, Trivia ("Jeopardy!"), Crosswords
